**Sprint 2 Review**
Vittles
4 November 2016

**Actions to stop doing:**
- Showing up late to meetings
- Try to finish tasks on a more timely manner

**Actions to start doing:**
- Indicate work progress in more detail/more often

**Actions to keep doing:**
- Keep team updated with latest accomplishments/difficulties
- Maintain current level of communication
- Attend all scrum meetings

**Work completed/not completed:**

Work completed:
- User Story 1: As a user, I'd like to be able to create an account so that I can write reviews and store favorite dishes.
    - NR - Web: Setup Firebase built-in account login
    - NR - Web: Setup route to fetch/display data for Profile/Settings page
    - JK - iOS: UI for create account
    - JK - iOS: UI for login
    - TA - Web: Hook up create account page
    - JB - Database: Create dummy accounts
- User Story 2: As a user, I'd like to be able to post reviews so that I can participate in the product that helped me make my decision(s).
    - SB - Web: Create a pop-up menu to select restaurant/dish on review page
    - NR - Web: Setup sessions to enable/disable posting
    - JK - iOS: UI for Uploading Images
    - JK - iOS: Image Caching
    - JB - Database: Sample user reviews

- User Story 3: As a user I'd like to search by dish, restaurant, and location so I can find what I am specifically looking for.
  - SB - Web: Determine search functionality behavior (on-page versus submitting)
  - JK - iOS: UI for searching by restuarant
  - JK - iOS: UI for searching by dish
- User Story 4: As a user, I'd like to be able to add menu items to the site so that the data will be up to date.
  - TA - Web: Create menu input form
  - NR - Web: Create POST route for adding menu items

Work not completed:
- User Story 3: As a user I'd like to search by dish, restaurant, and location so I can find what I am specifically looking for.
  - SB - Web: Setup route to return search results for restaurants and dishes
  - SB - Web: Implement selected search behavior into front end
  - JB - Database: Sample dish information

## Work completion rate:
User stories completed: 3
Total number of estimated ideal hours completed: 82
Total number of days during the prior sprint: 14
User stories/day: 0.214
Ideal work hours/day: 1.171

## Burnup Chart
